Mr. Rajan Ahluwalia
Chief Executive Officer
Greys Paper Recycling Industries Ltd.
9160 – Yellowhead Trail
Edmonton, Alberta
T5B 1G2

Dear Mr. Ahluwalia:

RE: Welcome to the EWMC

On behalf of the Waste Management Branch, I welcome Greys Paper Recycling Industries Ltd. to the internationally recognized Edmonton Waste Management Centre (EWMC).

The EWMC houses leading waste management facilities and we look forward to the establishment of your modern closed loop recycling facilities to produce paper products and inter-locking glass blocks from recycled paper and glass respectively. Additionally, we welcome your commitment to the development of some of the highest energy efficient industrial structures in Edmonton.

Your initiatives will offer residents and businesses alike the opportunity to use products made from waste material they produce. This closing of the recycling loop is consistent with Edmonton's recycling philosophy and augers well for a very productive, long-term relationship between the City and Greys Paper Recycling Industries Ltd.

Sincerely,

R. G. Neehall, P.Eng.
Manager - Waste Management

RN
